Peggy
It is a real
pleasure to write
in your annual. But
writing in it will not tell
you the way I feel about you.
You've really enjoyed going to
school with you. Do you remember the times
we chortled, plotted, wildly, raised
Cain, and had some good times
Peggy, I think you are the most wonderful
girl I ever knew. Please don't change
the way you are. Peggy I want to say that I love you
the 3-11's- "Health" "Happiness" "Plenty" I hope "Him" will be me
Love always
Dena

Dear Peggy,
I love
with you this year. I am not shooting the bull
when I say I like to be around you. You have
a real nice personality and brains to go along
with it. You have a lot of good qualities so
make the most of them and I know you
will reach your goal. I have had a lot of
fun with you going on different trips. Remember
those nights we spent with each other and
going skating together. Boy did we have fun.
Stay as you are now and I know you will
succeed.

Love ya always

FOREWORD

What would a school be without its classes? The primary objective of our educational system is to give each student the fundamental tools which enable him to make decisions and judgements.

As valuable as classes are, it is on the athletic fields that the democratic system is at its best. Each individual must learn to give and take for the benefit of the group.

It is in the student activities that the future leaders are trained to fill the offices of our national, social, and religious organizations. This training is valuable not only to the individual but also to society.

DEDICATION

This group of civic-minded men have proved invaluable to their community. The projects which have aided the school will continue to contribute greatly to the enjoyment, well-being, and betterment of the students of Gamewell.

The men have carried out these projects without fanfare, or the expectation of remuneration other than their own personal satisfaction in doing a service for others.

Therefore, we of the Annual Staff, wish to dedicate this, the ninth volume of The Golden Eagle, to The Gamewell Ruritan Club, with deep appreciation for its untiring efforts in our behalf.

FELLOWSHIP-COMMUNITY SERVICE-GOODWILL

ADMINISTRATION

Our administration has an important part as we try to portray life at Gamewell High. They have a great responsibility to the community as they lead the citizens of tomorrow to higher ideals in life. Through their extra service and personal interest in each individual, they have helped to make our years in high school happier. Mr. Abernethy, our superintendent, and the Board of Committeemen are always working to improve our school program and facilities. Our principal, Mr. Corpening, is always ready and willing to lend a helping hand to one who needs his guidance. This year there are twelve teachers, all of whom lived by a very full schedule, which included many professional and extra-curricular activities, civic responsibilities, and a little time now and then for just plain socialbility.

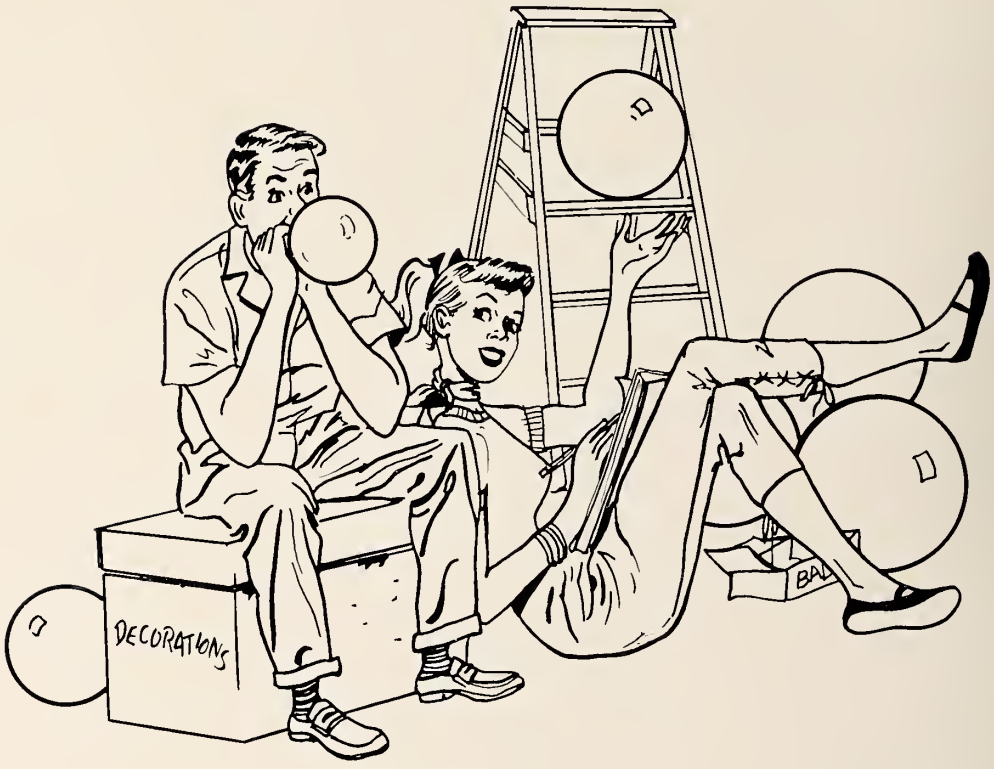
FEATURES



The very word, "Features," denotes something extra special, something to be presented with pride; and so we proudly present our feature section. The students who are featured here have been selected, in one way or another, sometimes by their classmates, often-times by the student body, usually by students and faculty --because they possess in the highest degree the qualities on which the honor is based.

ACTIVITIES

Important in the school life of the Gamewell High Student are the activities in which he participates. For almost every interest a student has, there is a club or an organization to further and develop that interest. Each club has projects which help to develop responsibility and perseverance in the character of the student. The student has a valuable opportunity to study and copy the example set by his club sponsor. These sponsors help to make the organizations valuable and rewarding experience.

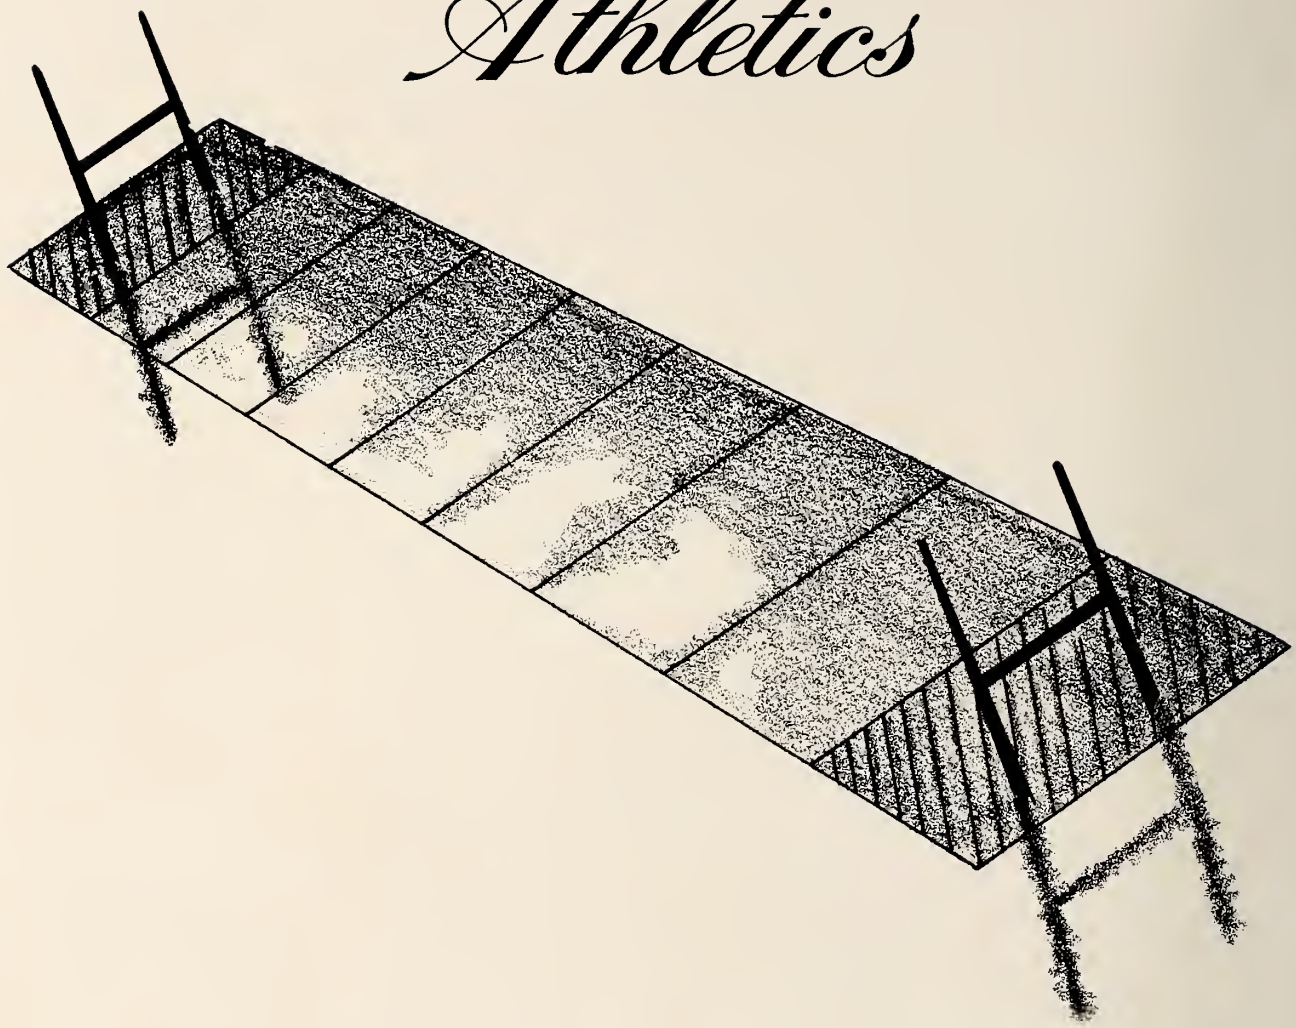
Athletics



One of the most popular activities at Gamewell High is athletics. The reason for this popularity stems from the fact that it is enjoyed, not only by the participants, but also by the spectators. Besides providing pleasure, it promotes what is even more important --physical and mental alertness. The spirit of a school is always reflected in the way that it supports its athletic teams. The knowledge and experience of the coaches and the support of the student body have contributed greatly toward making 1957-58 a successful year in athletics.

I can't begin to tell you how much your friendship has meant to me. I have enjoyed all our talks and everything we have done together. I'll never forget all the different things that we've done.

I hope we can continue spending nights with each other. Remember last week on the tractor when it began to rain. We didn't get to wet though. Also don't forget last night and our monopoly games. I'm a very poor player, aren't I. It was just luck though. He

I hope everything works out o.k. for you and that special one. I say that because last week I was worried and now everything's o.k. with us. If I can be of any help at all just let me know.

Remember our deal that we made at the talent show. Harriet's still keeping our bet a secret. No one knows but us three. I wonder who will [illegible] the bet. Maybe it could be a neither of us will [illegible] is. Then the you know. [illegible] both of us will [illegible] happy.

(Reserved)

We really had fun the night of the F.F.A. Banquet didn't we? I hope I didn't ruin your night by worrying about Powell. I'm sorry that we couldn't have served at the Junior banquet together. I still had fun that night. You did too didn't you?

Honey, I hope you will have a very happy life and if it's Doug you want to spend it with, then by all means I hope you do it. Let's not forget each other after we get out of school. I'll visit you often and you do the same. Maybe we will get to take off to Charlotte. Then we'll make some money for the future. I better save some room for Doug.

Love ya,
